

Road Committee Budget & Scope Review for 2020 Road Work Bid

- | | |
|--|--|
| 1. 13 Culvert Repair items 1, 2, 4 -13 | Estimate \$30,000 (average \$2500 per culvert) |
| 2. 1 Culvert Repair item 3 | Estimate \$49,000 (from 11/2019 proposal) |
| 3. 5,390 SF Pothole Repair & Patch | Estimate \$43,000 at \$8 SF |

Total Estimate Approximately \$122,000 For 2020 Road Bid Package

In addition, we had the following project done separately in February for different type of repair and that has been billed by Veerkamp General Engineering:

- **R & R at Flying C Gate** in February -- \$23,307
- **Strolling Hills Ditch Repair** of 262 LF with rockline & fabric due to erosion \$7,74.00

Future Projects 2020

Crack Seal - In October Flying C Rd gate to Brookside and other Class 1 & 2 roads with cracks larger than 1/8 inch. FlyC9--FlyC6 sections. Work not to exceed \$20,000 Cost approx. \$1 LF

Future Projects 2021

McNeil Road - Because of the water issues on this road, we recommend hiring an engineering expert so that we do not waste money on a repair that may not work. Fix major issues on this road.

Flying C Road - at 4580 in the FlyC5 section Ditch Deterioration & water will be eroding the road. Approximately 125-145 ft.

Shoulder Backing - problems on Primary Class 1 Roads

Culverts - we should also survey the other culverts to make sure they work
