You may cancel this agreement,
without any penalty or obligation,
within three business day
from acceptance.

Under the Mechanic’s Lien Law (Ca. Code of Civil Procedure, Section 1181 et seq), any contractor subcontractor, laborer, supplier or other person who helps to improve your property but is not paid for his work or supplies, has the right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your own contractor in full, if the contractor, laborer, or supplier remains unpaid.
